## Algemeen :

Maatvoering is aangegeven in millimeters, is indicatief en kan afwijken van de werkelijkheid, derhalve kunnen hier geen rechten aan worden ontleend.  
 Werkelijke maten moeten in het werk opgemeten worden.  
 Plaats van technische installaties (aan- en afvoerpunten balansventilatie, lichtpunten e.d.) kunnen om bouwtechnische- en constructieve redenen afwijken van het getekende.
